Financial Resource Center

Health Services

Jackson Memorial Hospital is the county hospital. It provides medical treatment and emergency care to all patients regardless of their availability to pay or if they have health insurance. Fees are determined based on income. Call (305) 585-1111 for more information.

Miami-Dade County Public Health Department provides a wide range of medical testing and screening for disease, free immunizations, and free well-child care and evening neighborhood clinics. Call (305) 324-2400 for information about the office nearest you.

If you served in the armed services, you may qualify for veteran's benefits. Contact the **Veteran's Administration Medical Center** at (305) 324-4455 for more information.
